

## Whole-school Homework Progress

And how this school has leveraged homework to benefit all stakeholders

### Salesian School

Salesian School is an Ofsted rated Outstanding school in Chertsey, Surrey. They are dedicated to providing first class teaching and learning, following their motto of 'enlightening minds and uplifting hearts'; Salesian School is a community where a friendly atmosphere is fostered.

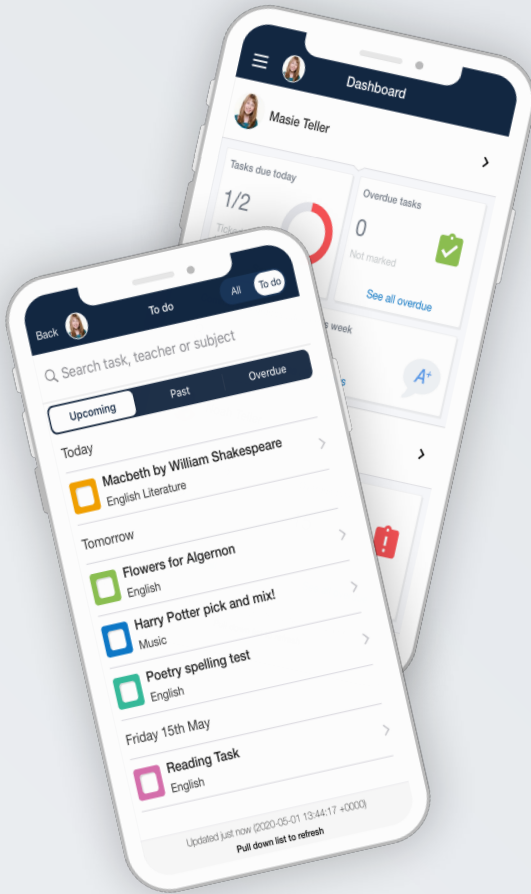

### Salesian School's Success Story

Salesian School first came on board with Show My Homework in April 2014, in a bid to help students develop their independence and resilience through the management of homework via the Show My Homework app. Four years on, we revisited Salesian School to see how our software has impacted their whole school:

### Homework on students' terms Student, Year 8

I like using Show My Homework because it means I can see all my homework and when it's due in, so now, I rarely ever forget to complete a piece! It's also really handy having homework accessible on an app because it's easy to use and I can access my homework at any place or any time.

## Knowledge is power, especially for parents

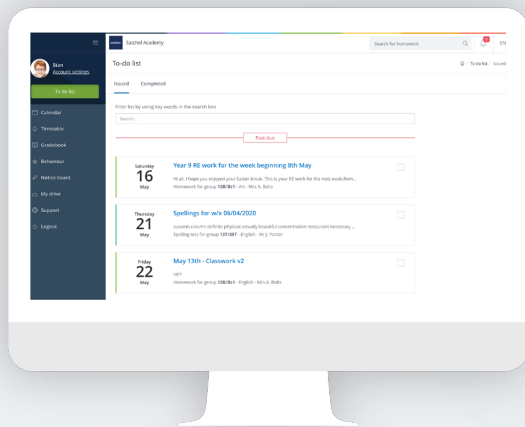

J. Hawkins, Parent

Show My Homework has given me a clear view of the homework my child receives so I'm able to help guide them on how to manage their time and organise tasks. Seeing the homework tasks they're set means I also have a better understanding of the work they're completing in school. It also makes completing homework more efficient as everything is in one place and saves searching through various resources.

## Minimise stress, maximise confidence

K. Honeywood, Head of Year 11

The use of Show My Homework has meant that the time previously spent writing down homework details during class time is drastically reduced, but the biggest change I've noticed since using the product is in the children. As all homework is displayed to them in detail, their understanding of topics is better as is their confidence, but most importantly students are less stressed.

## Outstanding homework makes outstanding students

J. Jeffery, Assistant Headteacher

The use of Show My Homework has meant that the time previously spent writing down homework details during class time is drastically reduced, but the biggest change I've noticed since using the product is in the children. As all homework is displayed to them in detail, their understanding of topics is better as is their confidence, but most importantly students are less stressed.

“

**Well-planned homework with excellent feedback enhances the learning experience.**
