

Monitoring Behaviour

Inside the classroom and during distance learning

Teacher
Icknield Community
College

Icknield Community College is a mixed secondary school in Oxfordshire, and is rated 'Good' by Ofsted. The school aims to establish a highly effective learning culture, that allows students to feel safe and secure and ensures that students have all the skills and qualifications they need to succeed in life.

The school used the Satchel One apps, Show My Homework and Behaviour, to stay on top of behavioural incidents both in school and during closures.

How did you use Satchel One during the national lockdown to continue teaching and learning?

We used Satchel One as the main source of communication between teachers and students. Work was set regularly and students were then able to message teachers directly if they needed support.

What is the greatest benefit your school has seen since using Satchel One?

The ability to share homework online and monitor students to see if they have accessed the work has helped to improve our overall homework completion rate.

Why would you recommend Satchel to another school?

We have primarily used Show My Homework and the Behavior app on Satchel One and they have helped us to reinforce positive behavior at the school. The system is quick, user friendly and easy to embed on a whole-school level.

How satisfied are you with your Satchel One experience so far?

Satisfied!
