Enhancing Parental Engagement

And improving homework submission rates

A. Gray Deputy Head Lesmahagow High School

Lesmahagow High School is a comprehensive with around 540 pupils. Their focus is on people and on building strong relationships between pupils, staff and parents. The school's values, respect, honesty, ambition, resilience and equity, reflect the attitude of the school's leadership to learning and student development. The school has been using Satchel One since 2019, and used it as part of their distance learning offering for students.

How did you use Satchel One during the national lockdown to continue teaching and learning?

Satchel One was used to support teaching and learning during distance learning. We used it to effectively set tasks, provide deadlines and monitor submissions. Parents were also able to see and support completion of work from home.

What is the greatest benefit your school has seen since using Satchel One?

Satchel One enhanced our parental engagement and supported the school's approach to homework completion.

How satisfied are you with your Satchel One experience so far?

Very satisfied!
