

Adapting to Distance Learning

Using online learning to keep students engaged

A. Sullivan
Senior Leader
Moulsham High School

The Moulsham High School was built as a senior boys school in 1938. Today it is a modern high school with an ethos that encourages all abilities and backgrounds to feel valued so that they are able to reach their full potential.

The school places equal importance on the development of character, the acquisition of employability skills and the achievement of relevant qualifications to ensure that all learners are prepared for life in the modern world and can contribute positively to their local and wider communities.
