

## Single Platform Remote Learning

Keeping students and parents organised during distance learning

L. Drew  
Senior Leader  
Ormiston Bushfield  
Academy

Ormiston Bushfield Academy is a secondary school in Peterborough. The college was first opened in 1974 and gained academy status in 2001.

The school's focus is very much on providing learning opportunities that excite, motivate and challenge students, and to inspire a genuine interest in learning that they can take into later life.

The school has been with Satchel One since 2015, and used the platform during lockdown to help provide students with quality distance learning.

### How did you use Satchel One during the national lockdown to continue teaching and learning?

We set and sent out all homework via Satchel One. This kept students on track and allowed parents to regularly check what was being set and how often.

### What is the greatest benefit your school has seen since using Satchel One?

Knowing that all homework is in the same place and that students and parents can check what is being set and when.

### Why would you recommend Satchel to another school?

It's a really user friendly app for parents and students. The To Do List, that students can tick off when they complete work, is also really helpful.
