

No Confusion, No Excuses

Doubling down with online work and parental engagement

C Jenkins
Senior Leader
Woodford County
High School for Girls

Woodford County High School for Girls is a grammar school in the London borough of Redbridge. The school won London State Secondary School of the Year in 2019 and was judged 'Outstanding' by Ofsted in their most recent inspection.

The school used Satchel One throughout lockdown and beyond to better engage parents in the learning process and double down on homework/distance learning tasks, making sure students were completing assignments and learning to the best of their abilities.

How did you use Satchel One during the national lockdown to continue teaching and learning?

Satchel One became the 'one stop shop' for all lessons. If teachers were using other resources that was great, but it HAD TO BE linked to Show My Homework to avoid confusion (or excuses!).

What is the greatest benefit your school has seen since using Satchel One?

- Increased engagement with home learning
- Increased involvement in home learning by parents

Why would you recommend Satchel to another school?

It's simple, and has a child (and parent) friendly interface. Far better than any of the alternatives we've seen.
